

Skills Fair Topic:

Neonatal Abstinence Syndrome (NAS)

In-service details:

**Guadalupe Regional
Medical Center**

**April 9th and 10th at
the Skills Fair**

Register: For GRMC employees only.
GRMC employees required to attend; verify
attendance with unit educator, Kelli Gerdes.

1

ASSESSMENT OF THE NEWBORN AT RISK FOR NAS

Learners will increase their knowledge and skills in assessing signs and symptoms of NAS, and increase awareness of changes in newborn status related to NAS. Learners will heighten their knowledge of what is within normal limits.

2

NAS SCORING

Learners will be able to describe objective scoring of the newborn at risk for NAS by reviewing:

- Finnegan scoring system criteria,
- Resources for parental involvement, and
- Acceptable and reportable scoring.

3

HANDS-ON PRACTICE SCORING

Learners will watch interactive video of assessment of neonates to practice scoring based on conditional and assessment findings.
